

KNYSNA HOLLOW  
COUNTRY ESTATE

# KNYSNA HOLLOW

## *Set to Re-Open Late 2018*

Knysna Hollow Country Estate will re-open in late 2018 as a brand-new, exclusive 4-star country hotel. Set in the heart of the Garden Route in a lush 3-acre garden environment, Knysna Hollow has been completely re-invented as an upmarket, full-service hotel on the outskirts of Knysna. The property will feature 45 luxurious Garden Suites, situated in the indigenous gardens around two sparkling swimming pools. All rooms will be decorated in a clean, contemporary style with private garden-facing verandahs and will offer all modern in-room amenities including air-conditioning, satellite television, Nespresso coffee stations, king-size beds and free wireless internet.

The modern Cape-country style Manor House will be the focal point of the new property and has been purposely designed to offer a contemporary, relaxed space where hotel guests can meet and enjoy genuine hospitality and cuisine. A sleek new reception and guest hospitality area will welcome guests upon check-in, while the open-plan destination restaurant will offer all-day dining with seasonal, locally-sourced dishes for which Knysna Hollow has always been renowned. The bar-lounge area will feature a unique glass wine cellar and a library with internet work stations on a mezzanine level. All restaurant and bar areas will open out onto outside verandahs with views of the gardens for outdoor dining and sundowners in the warm summer months.

Knysna Hollow will also re-open with two modern function facilities catering for conferences, weddings, meetings and events.

RESERVATIONS WILL BE OPEN FROM 1 MARCH 2018
