RE: FORMAL REQUEST TO ALTER EXPIRY DATE FOR AIR OPERATOR CERTIFICATE AND AERIAL WORK CERTIFICATE

Reference is made to the above subject regarding your letter of 9th August 2022.

We have reviewed your request and are agreeable to your proposal to shift the expiry date of your AOC/AWC from 31st September 2022 to 31st December 2022, as per ZCAR's Part 9, sub-part 9.1.1.8(a)(1).

Furthermore, we are agreeable as well to your proposal for the C of A renewal inspection for 9J-JIM, whose C of A is due to expire on 19th December 2022, be carried out immediately after the inspections for AOC/AWC and ASP, as was discussed on Friday 16th September 2022 at the C of A inspection of 9J-JIL, at Maramba aerodrome in Livingstone.

Additionally, we have noted that the key post holder personnel interviews require to be conducted as well, preferably after the time the inspections have been completed.

In this case we propose that the following be the programme for ASP/AWC and AOC renewal inspections, including C of A inspection for 9J-JIM and post holder personnel interviews as tabulated below;

Organisation	No.	Task	Date
Batoka Sky Limited	I.	Departure from Lusaka for Livingstone	Sunday 27 th November, 2022
	II.	AOC renewal inspection	Monday 28 th November, 2022
	III.	ASP/Aerial Work Certificate renewal inspection	Tuesday 29 th November, 2022
	IV.	C of A inspection for 9J-JIM	Wednesday 30 th November 2022 and Thursday 1 st December 2022
	VI.	Interviews for key management personnel	Friday 2 nd December 2022
